

Courses and workshops at the Morpheo Art Studio

At the Morpheo Art Studio, art isn't just something to look at – it's something to experience, feel and create. Once or twice a month, I invite you to immerse yourself in the fascinating world of acrylic pouring and discover your very own creative expression.

In a relaxed, inspiring atmosphere, I'll guide you step by step – whether you're gaining your first experiences or looking to refine your technique.

Every course is a space for experimentation, intuition and the joy of creating.
